Planter Boxes

Whether you're looking for a vegetable garden for your residents or a little extra greenery inside, choose from these unique Australian made planter boxes.

- Also can be used for outdoor cafe eating areas.
- Standard Heights are 50cm or 80cm high but this can be customised.
- Each planter box is made from Merbau timber. Sides are finished with a hand rub oil to give extra protection and a smoother finish.
- Stainless steel screws and bolts are used in assembly.
- Colorbond panels are available in a wide range of colours and the top edges has a protected metal reinforced rubber strip.
- Plants not included, but we can supply false plants if you prefer.
